SOLAR SPEEDRACK®

Solar SpeedMount Custom designed for utility scale projects, **Solar SpeedMount** offers one of the fastest and best value installations in the industry. Our unique universal design eliminates the need for the excess parts and materials required by other systems on the market, so you can save time and money with our incredibly versatile PV mounting system. Of course, quality matters. That's why we use only the finest materials, exceptional engineering, rigorous testing, and groundbreaking design to deliver a system that's truly built to stand the test of time.

Based on Solar Panel CNPV-290P in a 5 Column, 4 Row x1000 Table for a 6Mw Project as of May 2013

Solar SpeedRack®	QTY
Posts	3000
Support Bracket KIT	3000
Rail KIT	5000
No Parts Needed	

Total Parts	11000
Total Weight	360 Tons

Competitor A	QTY
Rails	10000
Top Connector	8000
Rail Connector	20000
Mid Clamp KIT	7500
End Clamp KIT	5000
Grounding Parts	30000
Pipe 21' Length	6320

Total Parts	86820
Total Weight	756 Tons

Competitor B	QTY
Posts	2000
Main Support Beams	4000
Brace KIT	2000
Support Rails	2000
Clamp KIT	4000
Rails	10000
Grounding Parts	24000

Total Parts	48000
Total Weight	555 Tons
